

Soil Resources

Web Soil Survey

The Soils Maps for about anywhere in the United States are available from the Web Soil Survey. The Web Soil Survey is a USDA Natural Resources Conservation Service application that provides access to National Cooperative Soil Survey data and related information.

[Web Soil Survey - Home \(usda.gov\)](http://usda.gov)

For instruction on using the Web Soil Survey - [How to Use the Web Soil Survey - YouTube](#)

Soil Testing Lab

A&L Great Lakes Laboratory

- [Soil Analysis Soil Testing | A&L Great Lakes \(algreatlakes.com\)](http://algreatlakes.com)

The St. Joseph County Purdue Extension Service has A&L Great Lakes soil testing kits available. You are responsible for sending the sample to the lab.
